

Pécsi Sörfőzde
Pécs Brewery

PÉCSI SÖR

Rooting from 1923, we unearthed the recipe and making style. This beer was poured into a keg as a delicacy to those who fancy a beer in a restaurant, ball, social events and celebrations. We remember this tradition, with a truly traditional beer made with the ingredients exclusively from Hungary. The Pécsi beer is made out of malt, karst water from the Mecsek and the finest hop. The beverage gets its unique taste and character from the open tub fermentation. Deep, old gold color, fine and clean smell, long lasting malt taste, these make the Pécsi beer truly a Beer made in Pécs.
