

INTRODUCTION

THE COMPANY

Foodbox Ltd. is a full Hungarian company owned by Hungarian private persons who have long experience in gastronomy, food industry and in trade.

In 2017 we opened our own new factory with the highest quality standards.

We received the IFS (International Food Standard) qualification and that guarantees that the company's systems and technological processes meet the highest international food quality standards.

OUR PHILOSOPHY

Our vision is that foodbox dishes provide every consumer with a very easy, a very quick and a varied and healthy meal in the everyday rush.

We believe that health is always on the first place – we care and protect our natural raw materials and ingredients during our processing method in order to give the most to our consumers.

We simply make our consumer's life easier without any compromise, our dishes bring back the atmosphere of their home kitchen. We have what they have at home just a bit bigger size.

We never compromise on quality – our products are made of only the very finest, qualified fresh and natural ingredients, without any flavour-enhancing additives, colorants or preservatives.

REAL TASTY FOOD IN TWO MINUTES?

In our everyday rush Foodbox dishes provide every consumer with a very easy, a very quick and a varied and healthy meal either for lunch in the workplace or for dinner at home

Why is it good for your store?

- It is a young, constantly growing category in the food sector
- Wide range of tastes
- Fulfills special consumer needs too
- Nice and modern package design, the products sell themselves
- 30 days of durability – due to the highest technology of heat treatment

OUR TARGET GROUP

Mainly urban people who are always in lack of time..

They are very keen on the quality of their daily food and care about their health.

Young or youthful adults – singles and young couples, which have just started to build their own life and cooking by themselves is not on the first priority.

Workers, office people, students or tourists – which reject the artificial food and want to have something natural but easy accessible solutions.

We provide solutions for people focusing on their weight – our ,Fitt' meals have limited calories. Tasty and safe way to keep the weight under controll.

OUR RANGE

APPETIZING OUTFIT

More premium appearance – the dishes can be seen on the shelves, the consumers know what they buy.

Shrink foil cover – the product keeps its original outfit until opening. The ingredients are not mixing, the meals stay in their appetizing condition.

Our packaging solution protects its content - our partners don't have to be worried about any damages.

With our products you can save space on the shelves – the trays can be placed in a vertical position. Less space needed and the recognition is better.

Net weight: 350 g.

Ready to eat after two minutes of heating in a microwave at 750W.
